AN INQUISITION taken for the High Commissioner for Palestine in the Town of Haifa in the Haifa District by N. ANABTAWI, Coroner, Haifa District to enquire into the death of :-

FAYYAD KHALIL IBRAHIM,
Moslem, Male, Palestinian
35 years old from Wadi Ara Village.

FINDING.

The evidence produced before me indicates that Fayyad Khalil Ibrahim of Arab Wadi Ara had met a car accident on 18th May, 1943 and died from his sufferings on 20th July, 1943. The cause of his death was abcess of the brain.

The circumstances of the case show that the deceased was an employee engaged on the maintenance of the highway named Al-Lajjoun Road, and while conducting his work he was hit by truck No.9864 driven by Moshe Orlovitz of Kfar Saba. The deceased was using red flags to indicate -danger, to indicate that the road was on repair. The road was straight so an alert driver must have seen what is ahead of him; there is no indication to show that the driver has ever made any attempt to stop the truck when the danger was emminent whether immediately before or after the accident thus showing an utter disregard for human life; no skidding remark was left, no horn was blown; and the fact that the breaks of the car were found upon test to be good creates more obligation on the driver to avoid danger by their use.

The medical testimony made the point clear that death was directly caused by the injury; there is no evidence to show that the deceased was neglectful in receiving proper medical treatment. To the contrary he attended promptly to medical treatment.

P.T.O.

in the investigation of serious crime, and in the collection of political intelligence.

During the 1936 disorders Captain Basta's devotion to duty was again outstanding. He was very nearly assassinated, and on recovering from his serious wounds he never hesitated in his duty in the slightest degree.

Captain Basta had the respect of all his superiors, all of whom were impressed by his extraordinary keenness in his profession by his loyalty to Government and to his senior officers.

The Inspector-General, together with the whole Force British and Palestinian, officers, N.C.Os and men, extend their heartfelt condolence to his widow and daughter; the place of this gallant and devoted officer will be hard to fill.

The Inspector General deeply regrets to announce the death of No. 59 F/Const. Hanna Shehadi Said, who was killed on the 15th April, 1937, whilst in the gallant execution of his duty.

2. The late constable was born in Cairo, Egypt, in 1888. On the 29th June, 1922 he was enlisted in the Police Force as a constable.

Subject:- Fatal Accident, Re Fyad Khalil of Wadi Ara.on the 18th.May 1943.

At 7 a.m. on the 18/5/43, Hamsi Saad Abdul Rahman of Wadi Ara reported to this Police Post that an accident had occured on the Hadera - Jenin Road, and that a truck had knocked down an arab and did not stop. I told the Station Orderly to telephone to Lajun Police Post and to search trucks for any damage likely to have been caused by an accident.

I then went to the scene of the accident, I arrived there about 7.20 a.m. and found that the arab had been carried away from the scene of the accident to a shop about 10 metres away, he was injured about the head and appeared to be in a bad way, as I could not do anything for him, I asked for witnesses who explained to me all that had occured. In the meantime an ambulance from Hadera arrived and took the injured man to the Govt. Hospital in Haifa.

The injured man was Fyad Khalil of Wadi Ara, the first witness was his brother Juma Khalil who said that they had both left the shop near the road and were about to cross the road when a truck came from the direction of Hadera proceeding towards Jenin on the wrong side of the road and passed Juma Khalil and struck Fyad Khalil just as he stepped onto the road, I found bloodstains on the road about half a metre from the edge where he had fallen, the first witness was about 5 metres away at the time and the 2nd. witness Mohd Ismeen was about 10 metres away at the front of the shop.

There were no skid marks, no tyre marks, and no oil marks, there were no obstacles on the road and visibility was very good,

I then returned to the post with the two witnesses to have their statements recorded, on my return at 8.45.a.m. I found that the truck had been apprehended at Lajun Police Post, I then sent B/C Gwilliam to Lajun to escort the truck and driver to Haifa.

Reported by Hamsi Saad Abdul Rahman at 7.a.m. Station Diary entry No.15.

2nd. Mohd Ismeen of Wadi Ara.

On the 15.10.43. at 9am at Hadera Police station the above named gave the following statement:-

" I remember on 18.5.43. in the morning, I left our house at Wadi Ara and went to the shop of Hamad Hamdan Kanash and his partner Hamad Ismail Yacoub which is situated near the crossroad at Ayoun Assawa. When I arrived I found in the shop Mohamed Ismail Yacoub, Fayad el Khalil and Juma el Khalil. I sat with them for a while, then I left them and went along the road to Karkour, in order to travel from there to Haifa. I left the persons whom I mentioned above in the shop. When I left the shop Fayad el Khalil told me that he would soon be leaving to start work onthe road.

On my way to Karkour I saw a Commercial vehicle, the number of which I do not know, coming along the road from the west direction, and going towards Lajun, at a high speed. When I reached the Water tower at Ayoun Assawa, and after the truck passed me, I heard shouting near the shop of Ismail Yacoub. I therefore went back to the shop to see what had taken place.

When I arrived I saw Fayad el Khalil lying on the road on the left hand side looking towards Lajun. He was bleeding from his head

I also found near him Mohamed Ismail Yacoub and Juma el Khalil. I also asked them what had happened and they told me that the truck that had just passed knocked him down, and failed to stop, and that it continued on its way towards Lajun. I therefore left them and went and informed the police at Karkour, and then returned to the scene. Then I took Fayad el Khalil to the Government Hospital at Haifa, where he was detained for some days, and then was discharged.

Laterhe was re-admitted to the Govt. Hospital, where he finally died, as a result of that accident.

Q. and A. Fayad el Khalil is one of my relatives.
Q. and A. I did notsee him actually knocked down by the truck, as I was on my way to Karkour, and the accident took place behind me. I was then about 300 metres from the scene of the accident.

Q. and A. I remember quite well that from the time when I was in the shop until the time when I informed Police Karkour, and a reply was received from Lajun that the driver was arrested, no other vehicles passed that way at all.

Statement of :- Hamad Ismail Yacoub, age 32. moslem of Wadi Ara village.

On 10.10.43. at 5pm the above named was asked and stated as follows:-

" I remember the day on which Fayad el Khalil was knocked down. That morning I was in my shop, situated near the main road Hadera-Lajun at Ayoun Assawa. That morning Fayad el Khalil came over to my shop and took his tools and went back onto the road. His brother Juma Khalil was with him. When he reached the asphalt road, I heard his brother Juma shouting " Oh my dear brother " I went out of the shop, and saw a commercial vehicle going from the east direction towards Lajun. I also saw Fayad lying on the road, unconcious. The truck proceeded without stopping. I do not know the number of the truck, neither did I see the driver nor the second driver. The front of the truck was painted blue, and the body was of wood.
I did not see the truck actually knock down Fayad el Khalil. I neither had no idea who was the driver of the truck. At the time of the accident there was only the brother Juma present . The road was at that time clear of anyother traffic. Later the arabs came to the scene, and the Forest ranger Hamzi Saad Abdul Rahman went to inform Karkour Police Police. Then thepolice arrived and inspected the scene.

From the time of the accident until the time when Police Karkour phoned to Police Lajun, and a reply came that the truck had been stopped, not other vehicles passed that spot. I am quite sure of this.

Fayad el Khalil was working as a labourer on the road from Ayoun Assawa to Baka Gharbiyieh . He used to leave his tools in my shop in the afternoon of each day, and collect them the next morning before starting work, as my shop is near the road, and opposite the road on which he was working. The road was not under repair on the date of the accident, and there were no other labourers there. There was no -one in my shop at the timeof the accident.

Statement of :- Juma el Khalil of Wadi Ara, age 25, moslem, Palestinian.

On 18/5/43 at 5.30pm at Hadera P.S. the above named gave the follow--ing statement:-

" This morning at about 7am I was near the shop of Monamed Ismail which is at Wadi Ara. I saw my brother Fayad Khalil coming out of the shop, and started to cross the road in the direction of Lajun. At the same time a truck came from behind him proceeding in the same direction. The truck driver did not sound his horn or give any signal and as a result Fayad probably didnt noticethe truck approaching. When Fayad was nearly in the middle of the road the truck struck him and knocked him down, and he fell face downwards.

I at once ran to him, calling for help, and at the same moment Mohamed Ismail came and helped me to take him off the road, and place him near the shop. After a while Hamzi Saad Abdul Rahman who arrived after the accident, went to Karkour to inform the police. The truck never stopped.

The police arrived on the scene, and took Fayad to the Govt. Hospital at Haifa.

Q. and A. I dont know the number of the truck. The truck was a green colour, there were no slats on the side of the vehicle. Iam surethat the driver was a Jew.

Q. and A. The truck was travelling at a very nigh speed, and was proably unable to stop.

Q. and A. There were no other vehicles on the road at the time of the accident. Except myself and Mohamed Ismail, there were no other persons on the scene.

On 18.5.43. at 4.30pm at Hadera Police station the above named gave the following statement:-

" I am the driver of truck No. M. 9864. and this morning I left Kfar Saba with this truck loaded with cement for Affulen. Just after I left Kfar Saba, I stopped and gave a lift to a Jewish Soldier named Ilianu Reubenstein.

When I was about 5 kilometers past Karkour on the Lajun track, I saw in front a group of arabs on both side of the road. I was at this time driving slowly on the right of the road. When I was near them one of them suddenly started to cross the road, running. He had already passed the front of the truck, but the left front wing of my truck struck him and knocked him down.

I was afraid to stop my truck because of the arabs, and I was going to report the accident to Lajun PolicePost. I also told this to the soldier that was sitting beside me. Before I reached Lajun a Policeman stopped me. I told him the whole story, and he then took me to Lajun Police Post.

Q. and A. My truck was loaded with 90 sacks of cement for Kibbutz Givat - and therefore I was obliged to travel slowly. I was driving at about 25 - 30 k.p.h.

Q. and A. The arabs tried to cross the road when I was about half a meter away from him.

Q. and A. I sounded my horn before I reached the arabs. I dont know what happened to theinjured man.
